

GI BOLLARD

DISCRIPTION:

Impex 99 GI Bollard with Side Hooks
The ultimate solution for versatile security and organization needs. Crafted from durable galvanized iron (GI), this bollard is designed to withstand harsh weather conditions and heavy-duty use, making it ideal for a variety of applications

FEATURES

The bollard features convenient side hooks, providing additional functionality beyond traditional bollards. These hooks offer a practical solution for hanging various items, such as chains, ropes, or even lightweight equipment, allowing you to keep your space organized and clutter-free
